

# FLiP Smart Self Checkout System

## The Electronic Clerk!

FLiP® Self Checkout System utilizes the latest FLiP smart checkout technology to **reduce your labor costs**. This electronic clerk helps the customer to self checkout out without having to scan a single item! This electronic clerk works 24/7, needs no benefits, needs no vacation, needs no paid sick time, needs no personal time, checks out items 100% correct, monitors inventory, tries to up-sell during each sell, constantly monitors theft with a live eye on the store and can account for every penny taken and dispensed. The best part is that you don't have to change anything to setup this system because it works with your existing hardware and software! The system works with FLiP's Smart Inventory System.

### DIGITAL SIGNAGE ALLOWS YOU TO SELL ADVERTISING IN YOUR STORE!

Enclosure	Free standing self assist style with laser precision cut steel with front door opening to access all equipment and wiring with dual vending style high security locks. Dual locking rear panel access for quick access. Weight: 260lbs Dimension: 68" x 32" x 24"
